- (2) CT-2201 Drive Roller Chain Tensioners
- (2) CT-2106 Drive Chain Tensioners

Kit #2 also includes:
- (2) 131-A-007 Drive Sprocket Weldment Assembly
- (2) 131-A-008 Drive Idler Sprocket Assembly
- *(4) 131-A-044 Drive & Idler Shaft
- (1) 131-A-026 (Pair) Endless chain Back-up Bar
- (1) 131-A-024 (Pair) Chain Hold Down Plate
- *(2) 131-A-045 Drive/Idler Sprocket Spacer
- *(2) 131-A-046 Drive/Idler Sprocket Spacer

* These items vary, please complete and submit the DriveKit survey prior to purchase to ensure proper parts are sent.

Kit Option #3

New Drive Style:
- Kit includes everything needed to “upgrade” older drives to the new style drive.
- Easier access for chain replacement and service to drive reduces downtime.
- Can be purchased without motors, if required (call for pricing).
- *Installation options are available, call and schedule today!

• Each of these kits are priced well below the cost of the individual parts, call for more information!

* BakeTech Technician must install or supervise installation for warranty to apply.
