K-Head Quick Change Cut-Off Kit

Eliminates downtime associated with broken cut-off wires on your K-Head with a Quick-Change Cut-off Assembly

DESIGN INNOVATIONS

The easy, quick-change design allows you to change the cut-off assembly of your K-Head Divider in less than a minute. Lightweight, stainless steel uni-body construction ensures easy handling and durability. Precision individual wire tensioning adjustment allows for accurate and consistent product release. Replace broken wires offline, with no downtime.
