# Saber 75 Band Slicer

High-quality bread slicing solution using the most reliable blade spacing system for a wide variety of loaves.

# DESIGN INNOVATIONS

With over 50 years of experience in slicing innovation, AMF's Saber 75 Band Slicer offers maximum flexibility and reliability for slicing a variety of breads, from standard loaves to fruit breads. Using automatic electronic synchronization, the Saber 75 Band Slicer integrates seamlessly with complete packaging systems.

## SANITATION

In addition to the corrosion resistant stainless steel frame and guards, AMF's innovative self-supporting lattice pull-out mechanism option, maximizes access for routine sanitation and maintenance.

## QUALITY

Featuring a Hansaloy Heavy Duty lattice, available with multiple slicing ranges and blade guide selections, for optimal longevity and ultimate slicing quality.

## SIMPLICITY

Also available with a continuous feed system, using positive high friction bottom and side drive surface guides, for smooth operation and lower maintenance. New motors offer high crumb ingress protection for reliable service.

## SAFETY

Featuring an improved safety guard complying with CSA and OSHA regulations, the blade break detection system and a high efficiency brake motor promptly stop the blades in emergency situations.

Precision, high quality  
bread slicing on a wide  
variety of loaves.
