

Oven Light Holder Replacement Kit

New standard design and retrofit oven light replacement kit for AMF BakeTech Ovens - Part Number 150-A-455

- Breakdown of Epoxy That Allow Fibers to Escape Optic Cable
- New Standard Design and Available Now As Retrofit Kit
- Oven Light Holder Replacement Kit P/N 150-A-455 @ \$50.00 Each
- Replacement Optic Cable P/N MCM1082T28 @ \$500 Each

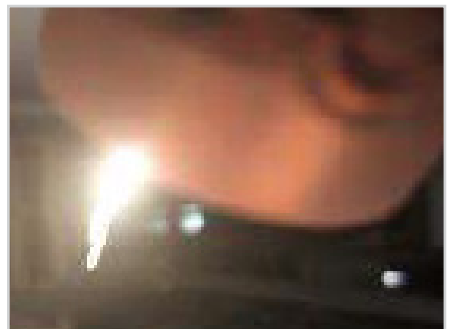

REPLACEMENT HOLDER

- ▼ Inserted quartz glass with extreme temperature resistance.
- ▼ Keeps all fiber glass in place while maintaining functionality.

ORIGINAL HOLDER

- ▼ Epoxy breakdown that potentially allows fiber glass from optic to escape.
- ▼ Light still maintains functionality but potential for product contamination.
