Saber 75 Band Slicer
Wide Model

High-quality bread slicing solution using the most reliable blade spacing system for a wider variety of loaves.

Your bakery is our world.
With over 50 years of experience in slicing innovation, AMF’s Saber 75 Band Slicer Wide Model offers maximum flexibility and reliability for slicing a variety of breads, from standard loaves to fruited breads, with slice thickness ranging from 3/8” to 1-1/4”. Using electronic synchronization, the wide model, Saber 75 Band Slicer integrates seamlessly with AMF’s complete packaging systems.

SANITATION
In addition to corrosion-resistant stainless steel frame and guards, AMF incorporates an innovative self-supporting lattice pull-out mechanism option to maximize access for routine sanitation and maintenance.

QUALITY
Hansaloy heavy-duty lattice offers an adjustable slice range and multiple blade guide selections, for optimal longevity and ultimate slicing quality. Blade spacing mechanism allows the lattice to open evenly, up to 3/8” “1-1/4” across the entire product width.

SIMPLICITY
Available with a continuous infeed conveyor system using positive high friction bottom and side drive surface guides to ensure smooth operation and lower maintenance. New motors offer high crumb ingress protection for reliable service.

SAFETY
Featuring an improved safety guard complying with CSA and OSHA regulations, a blade break detection system and a high efficiency brake motor promptly stops blades in emergencies.

Precision slicing up to 75 LPM
