

# WORKHORSE

AUTOMATION, INC.

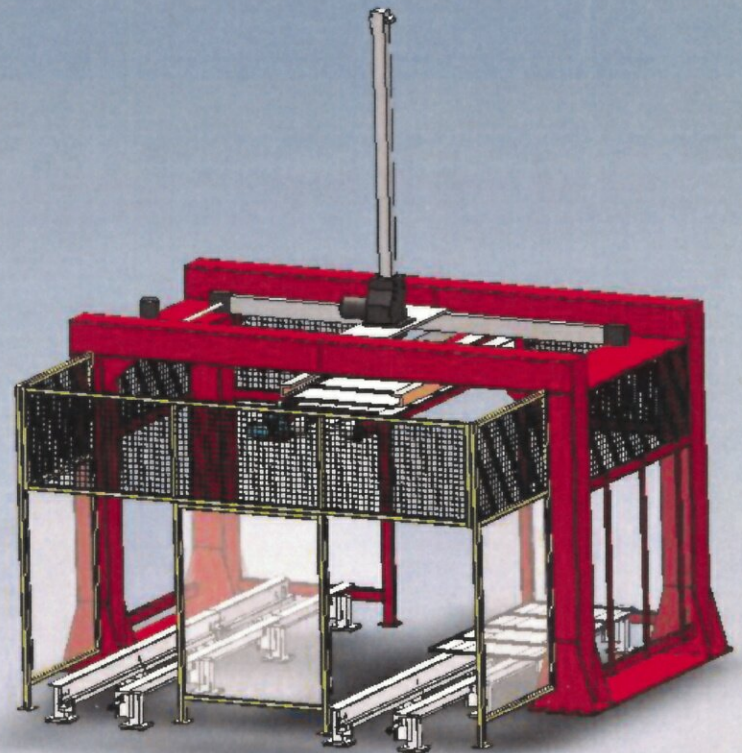

## Robotic Stacker/Unstacker

The Workhorse Automation Robotic Stacker/Unstacker is designed to provide a gentle (pan friendly) and accurate, high speed pan stacking system for all bakery pan and lid needs. This robotic stacker incorporates an intuitive Allen Bradley™ control scheme which is user and maintenance friendly.

In addition, the Workhorse Robotic Stacker/Unstacker will provide seamless integrations between the Workhorse Automated Storage and Retrieval System (AS/RS).

### *Features:*

- ◆ Custom fit to your bakery's specifications
- ◆ Reduces pan wear by precisely and gently handling pans
- ◆ Can be retrofitted into existing lines
- ◆ Reliable and efficient
- ◆ Easily maintained
- ◆ Fully automated
- ◆ 2 year warranty
- ◆ Allen Bradley PLC and operator interface
