SOLUTIONS FOR  
PAN HANDLING,  
PACKAGING, AND  
POST-PACKAGING**

## ENTER AMF PACKTECH AND WORKHORSE

The brands that have you covered with efficient, sustainable, and automated production solutions to package and load your baked goods for distribution. AMF PackTech and AMF Workhorse solutions are seamlessly integrated with AMF's complete system solutions to deliver unmatched reliability and performance from mixer to marketplace.

### THERE IS THAT CRUCIAL MOMENT IN EVERY BAKING PROCESS:

YOUR PRODUCTS ARE FULLY BAKED, TOPPED, AND NEARLY READY FOR DISTRIBUTION.

NOW ALL YOU NEED IS TO GET THEM PACKAGED AND MOVED, AND THEN MAKE SURE ALL YOUR PANS, LIDS, BASKETS, AND MORE ARE CLEANED FOR THE NEXT BATCH.

# A WIDE RANGE OF PRODUCTS AND PACKAGE TYPES

## WORKHORSE

### YOUR DOWNSTREAM PARTNER

Through continuous innovation, AMF Workhorse is maximizing profitability by seamlessly integrating post-packaging or distribution solutions to improve line efficiencies and operator safety while eliminating downtime. The AMF Workhorse portfolio ensures efficient delivery of your bakery's most valuable assets, from pans to packaged product, baskets, and more.

### ABL ROBOTIC PRODUCT LOADER (ABL)

- Handles a wide range of plastic, corrugate, and other container loading applications for a variety of baked goods with high-speed, soft touch pick and place capability
- Recipe management software lets you store pattern configurations for multiple package patterns without tool changes
- Multi-infeed capabilities and flexible design configurations to easily integrate into any bakery layout

### PRODUCT LOADING

Mechanical, gantry, and robotic product loading systems built to be gentle and efficient and help you bring the highest quality finished products to market.

### BASKET HANDLING

Treat and transfer your baskets the right way with versatile, accurate, and quiet equipment for stacking, dolly loading, washing, and drying.

### AUTOMATED STORAGE & RETRIEVAL SYSTEMS

Precise, gentle automated basket storage and retrieval systems increase efficiency and overall safety throughout your bakery.

### PALLETIZING

Efficiently load corrugate cases onto pallets for consistent accuracy in post-packaging automation.
